Brand New Book ***** Print on Demand *****.Excerpt from A Course of Elementary Mathematics: Affording Aid to Candidates for Admission Into Either of the Military Colleges, to Applicants for Appointments in the Indian Civil Service, and to Students of Mathematics Generally The preparation necessary for the profitable study of the following course of Mathematics - is a knowledge of common Arithmetic, and some acquaintance with the principles of Geometry, as taught in Euclid s Elements. A student ignorant of these initiatory, but most important departments of elementary science, would scarcely seek his first lessons therein from a book such as this. The Elements of Euclid is a work by itself; universally known and esteemed, and everywhere to be easily procured: - to transfer its pages to the present performance, could be of no possible advantage to the learner. And the same may be said of common Arithmetic: - both this and Euclid are more conveniently studied from the ordinary manuals in popular use. We shall therefore commence the volume now in the hands of the reader, with a treatise on Algebra - the indispensable...
