

Phytochemical Analysis of Jatropha gossypifolia Linn

Filesize: 2.33 MB

Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

(Mitchell Kuhn III)

PHYTOCHEMICAL ANALYSIS OF *JATROPHA GOSSYPIFOLIA* LINN

LAP Lambert Acad. Publ. Feb 2011, 2011. Taschenbuch. Book Condition: Neu. 216x149x13 mm. Neuware - Medicinal herbs are the local heritage with global importance. World is endowed with a rich wealth of medicinal herbs. The different variety of plants with different therapeutic properties is quite astonishing. Herbs have provided us some of the very important life saving drugs. Among the estimated 4,00,000 plant species, only 6% have been studied for biological activity, and about 15% have been investigated phytochemically. This shows a need for investigation of herbal drugs and its phytochemical analysis. In present work, *Jatropha gossypifolia* Linn, its phytochemical analysis includes study of medicinal uses, chemical constituents (especially terpenoids), morphological characters, physical evaluation, extractions using different solvents, phytochemical screening, separation and isolation by using TLC, column chromatography, HPTLC, quantitative estimation of active compound by HPTLC and UV, Structure elucidation of isolated compound by GCMS, ¹H NMR, IR, and finally pharmacological screening. Importance of Phytochemical analysis is modification of inactive natural products by suitable biological and chemical means into patent drug. 112 pp. Englisch.
